

# A COMMUNITY THAT HAS YOUR BACK

We are family dairy farms, brought together by our shared values and our dedication to providing wholesome, nutritious dairy to families around the world. As a community, we work together to pay a competitive price and secure a home for our milk, increase efficiency and create lasting legacies for the next generation.

## **PARTNERS ON THE FARM**

From financing and insurance options to price risk management tools, we offer farm services designed to improve efficiency and profitability on the farm. With our on-farm field services and management tools, leadership development programs and access to experts, we are committed to being a partner on the farm.

## **ONE UNIFIED VOICE FOR DAIRY**

From Washington, D.C., to industry meetings around the globe, we are committed to advocating for dairy farm families and telling our story.

## CENTRAL AREA

# DAIRY IS AT THE HEART OF WHAT WE DO AND THE HEART OF WHO WE ARE

## PLANTS WHERE YOU NEED THEM

With 81 DFA-owned plants nationwide, including 15 in the Central Area, we are committed to keeping the delivery of raw milk as local as possible. Whether it's one of our farmer-owned plants or one of our wide range of customer facilities, we believe finding a secure market for milk is the most important thing we do.
