

A COMMUNITY THAT HAS YOUR BACK

We are family dairy farms, brought together by our shared values and our dedication to providing wholesome, nutritious dairy to families around the world. As a community, we work together to pay a competitive price and secure a home for our milk, increase efficiency and create lasting legacies for the next generation.

PARTNERS ON THE FARM

From financing and insurance options to price risk management tools, we offer farm services designed to improve efficiency and profitability on the farm. With our on-farm field services and management tools, leadership development programs and access to experts, we are committed to being a partner on the farm.

ONE UNIFIED VOICE FOR DAIRY

From Washington, D.C., to industry meetings around the globe, we are committed to advocating for dairy farm families and telling our story.

DAIRY IS AT THE HEART OF WHAT WE DO AND THE HEART OF WHO WE ARE

PLANTS WHERE YOU NEED THEM

With 81 DFA-owned plants nationwide, including nine in the Mountain Area, we are committed to keeping the delivery of raw milk as local as possible. Whether it's one of our farmer-owned plants or one of our wide range of customer facilities, we believe finding a secure market for milk is the most important thing we do.
